

NOVA SCOTIA
APPRENTICESHIP
AGENCY

NOVA SCOTIA PROGRAM OF STUDY LATHER (INTERIOR SYSTEMS MECHANIC)

Based on the Red Seal Occupational Standard

Nova Scotia Apprenticeship Program of Study

Lather
(Interior Systems Mechanic)

Acknowledgements

The Nova Scotia Apprenticeship Agency (Agency) wishes to acknowledge the contributions of trade advisory committee members, tradespersons, industry establishments, professional associations, labour organizations, training providers, government departments and agencies, and all others who contributed to this publication.

Special thanks are offered to the representatives who contributed greatly to the original draft of the standard and provided expert advice throughout its development.

2022 Occupational Standard Sub-task to Learning Module Comparison	14

Program Overview

Level 1

Code	Self-directed Learning Modules	Code	Self-directed Learning Modules
LTR -100	Mentoring I	LTR -120	Non-Loadbearing Steel Assemblies I
LTR -105	Safety	LTR -125	Wall Systems and Components I
LTR -110	Tools and Equipment	LTR -130	Insulation
LTR -115	Drawings, Layout and Planning		

Level 2

Code	Self-directed Learning Modules	Code	Self-directed Learning Modules
LTR-200	Loadbearing Steel Assemblies	LTR-215	Ceiling Systems
LTR-205	Non-Loadbearing Steel Assemblies II	LTR-220	Sound Barriers
LT -210	Wall Systems and Components II	LTR -225	Smoke and Fire Barriers

Level 3

Code	Self-directed Learning Modules	Code	Self-directed Learning Modules
LTR -300	Mentoring II	LTR-315	Exterior Systems
LTR -305	Access Flooring Systems	LTR -320	Program Review
LTR -310	Lead Radiation Shielding		

Program Structure

Level 1

Code	Learning Modules		Learning Outcomes
LTR-100	Mentoring I	1	Demonstrate knowledge of effective communication practices as a learner.
		2	Demonstrate knowledge of strategies for learning skills in the workplace.
LTR-105	Safety	1	Demonstrate knowledge of personal protective equipment (PPE) and safety equipment, their applications, maintenance and procedures for use.
		2	Demonstrate knowledge of maintaining a safe work environment.
		3	Demonstrate knowledge of regulatory requirements pertaining to safety, PPE and safety equipment.
LTR -110	Tools and Equipment	1	Demonstrate knowledge of hand tools, their applications, maintenance and procedures for use.
		2	Demonstrate knowledge of power tools and equipment, their applications, maintenance and procedures for use.
		3	Demonstrate knowledge of layout and measuring devices, their applications, maintenance and procedures for use.
		4	Demonstrate knowledge of access equipment, their applications, maintenance and procedures for use.

Code	Learning Modules	Learning Outcomes	
LTR-115		5	Demonstrate knowledge of regulatory requirements pertaining to access equipment
		6	Demonstrate knowledge of jigs and templates, their characteristics and applications.
		7	Demonstrate knowledge of procedures to build jigs and templates.
	Drawings, Layout and Planning	1	Demonstrate knowledge of drawings and specifications and their applications.
		2	Demonstrate knowledge of procedures to interpret and extract information from drawings and specifications.
		3	Demonstrate knowledge of basic layout procedures.
		4	Uses documentation and reference materials.
		5	Demonstrate knowledge of procedures to plan project tasks.
		6	Demonstrate knowledge of procedures to handle and store materials, supplies and products.
LTR-120	Non-Loadbearing Steel Assemblies I	1	Demonstrate knowledge of non-loadbearing assemblies, their components, characteristics and applications.
		2	Demonstrate knowledge of procedures used to frame non-loadbearing walls.

Code	Learning Modules	Learning Outcomes	
LTR-125		3	Demonstrate knowledge of procedures used to frame spanned ceilings.
		4	Demonstrate knowledge of procedures used to frame suspended drywall ceilings.
		5	Demonstrate knowledge of procedures used to frame non-loadbearing bulkheads.
		6	Demonstrate knowledge of procedures used to install metal door frames.
LTR-125	Wall Systems and Components I	1	Demonstrate knowledge of drywall, its characteristics and applications.
LTR-130	Insulation	2	Demonstrate knowledge of procedures to install drywall
		3	Demonstrate knowledge of procedures to install access panels.
		1	Demonstrate knowledge of sealants and gaskets, their characteristics and applications.
		2	Demonstrate knowledge of thermal insulation, their characteristics and applications.
		3	Demonstrate knowledge of procedures to install thermal insulation.

Level 2

Code	Learning Modules	Learning Outcomes	
LTR-200	Loadbearing Steel Assemblies	1	Demonstrate knowledge of loadbearing steel assemblies, their components, characteristics and applications.
		2	Demonstrate knowledge of procedures used to frame loadbearing walls.
		3	Demonstrate knowledge of procedures used to frame exterior ceilings and soffits.
		4	Demonstrate knowledge of procedures used to frame loadbearing bulkheads.
		5	Demonstrate knowledge of procedures used to frame loadbearing floors.
LTR-205	Non-Loadbearing Steel Assemblies II	1	Demonstrate knowledge of metal window frames, their characteristics and applications.
		2	Demonstrate knowledge of procedures used to install metal window frames.
		3	Demonstrate knowledge of procedures to install backing.
LTR-210	Wall Systems and Components II	1	Demonstrate knowledge of procedures to install demountable walls.
		2	Demonstrate knowledge of procedures to finish drywall.
		3	Demonstrate knowledge of procedures to install drywall trims and mouldings.
		4	Demonstrate knowledge of procedures to install security mesh.

Code	Learning Modules	Learning Outcomes	
LTR-215	Ceiling Systems	1	Demonstrate knowledge of suspended ceilings, their components, characteristics and applications.
		2	Demonstrate knowledge of procedures used to install suspended ceilings.
		3	Demonstrate knowledge of non-suspended ceilings, their components, characteristics and applications.
		4	Demonstrate knowledge of procedures used to install non-suspended ceilings.
LTR-220	Sound Barriers	1	Demonstrate knowledge of sound barriers, their characteristics and applications.
		2	Demonstrate knowledge of procedures used to install sound barriers.
LTR-225	Smoke and Fire Barriers	1	Demonstrate knowledge of shaft wall systems, their components, characteristics and applications.
		2	Demonstrate knowledge of procedures used to install shaft wall systems.
		3	Demonstrate knowledge penetrations, their characteristics and applications.
		4	Demonstrate knowledge of procedures used to seal penetrations.
		5	Demonstrate knowledge procedures used to enclose beams, columns and staircases to achieve desired fire rating.

Level 3

Code	Learning Modules		Learning Outcomes
LTR-300	Mentoring II	1	Demonstrate knowledge of effective communication practices as a mentor.
		2	Demonstrate knowledge of strategies for teaching workplace skills.
LTR-305	Access Flooring Systems	1	Demonstrate knowledge of access flooring systems, their characteristics and applications.
		2	Demonstrate knowledge of procedures to install pedestals and supporting hardware.
		3	Demonstrate knowledge of procedures to install floor panels.
LTR-310	Lead Radiation Shielding	1	Demonstrate knowledge of lead radiation shielding, their characteristics and applications.
		2	Demonstrate knowledge of lead inspection process for radiation.
		3	Demonstrate knowledge of procedures to install lead radiation shielding.
LTR-315	Exterior Systems	1	Demonstrate knowledge of interior/exterior membranes, their characteristics and applications.
		2	Demonstrate knowledge of procedures to install interior/exterior membranes.
		3	Demonstrate knowledge of procedures to install exterior sheathing.

Code	Learning Modules	Learning Outcomes	
LTR-320		4	Demonstrate knowledge of procedures to install lath.
		5	Demonstrate knowledge of procedures to fabricate panels.
		6	Demonstrate knowledge of procedures to install pre-manufactured panels.
	Program Reviews	1	Demonstrate knowledge of the Occupational Standard and its relationship to the Red Seal Exam.
		2	Demonstrate knowledge of overall comprehension of the trade in preparation for the Red Seal Exam.

2022 Occupational Standard Sub-task to Learning Module Comparison

Sub-task		Learning Modules	
Task A-1 – Performs safety-related functions			
A-1.01	Maintains safe work environment	LTR-105	Safety
A-1.02	Uses personal protective equipment (PPE) and safety equipment	LTR-105	Safety
Task A-2 – Uses tools and equipment			
A-2.01	Uses hand tools	LTR-110	Tools and Equipment
A-2.02	Uses power tools and equipment	LTR-110	Tools and Equipment
A-2.03	Uses powder-actuated tools	LTR-110	Tools and Equipment
A-2.04	Uses gas-actuated tools	LTR-110	Tools and Equipment
A-2.05	Uses pneumatic tools (NOT COMMON CORE)	LTR-110	Tools and Equipment
A-2.06	Uses layout and measuring devices	LTR-110	Tools and Equipment
A-2.07	Uses scaffolding and access equipment	LTR-110	Tools and Equipment
Task A-3 – Organizes work			
A-3.01	Uses documentation and reference materials	LTR-115	Drawings, Layout and Planning
A-3.02	Uses blueprints and drawings	LTR -115	Drawings, Layout and Planning
A-3.03	Plans project tasks	LTR -115	Drawings, Layout and Planning
A-3.04	Estimates materials and supplies	LTR -115	Drawings, Layout and Planning
Task A-4 – Performs routine trade activities			
A-4.01	Performs measurements	LTR-15	Drawings, Layout and Planning
A-4.02	Uses jigs and templates	LTR-110	Tools and Equipment
A-4.03	Handles materials, supplies and products	LTR-105	Drawings, Layout and Planning
A-4.04	Lays out work	LTR-115	Drawings, Layout and Planning
A-4.05	Applies sealants and gaskets	LTR-130	Insulation
Task A-5 – Uses communication and mentoring techniques			
A-5.01	Uses communication techniques	LTR-100	Mentoring I
		LTR-300	Mentoring II
A-5.02	Uses mentoring techniques	LTR-100	Mentoring I
		LTR-300	Mentoring II

Sub-task		Learning Modules	
Task B-6 – Erects non-loadbearing steel assemblies			
B-6.01	Frames non-loadbearing walls	LTR-120	Non-Loadbearing Steel Assemblies I
B-6.02	Frames spanned ceilings	LTR-120	Non-Loadbearing Steel Assemblies I
B-6.03	Frames suspended drywall ceilings	LTR-120	Non-Loadbearing Steel Assemblies I
B-6.04	Frames non-loadbearing bulkheads	LTR-120	Non-Loadbearing Steel Assemblies I
B-6.05	Installs metal door and window frames	LTR-120	Non-Loadbearing Steel Assemblies I
		LTR-205	Non-Loadbearing Steel Assemblies II
B-6.06	Installs backing	LTR-205	Non-Loadbearing Steel Assemblies II
Task B-7 – Erects loadbearing steel assemblies			
B-7.01	Frames loadbearing walls	LTR-200	Loadbearing Steel Assemblies
B-7.02	Frames exterior ceilings and soffits	LTR-200	Loadbearing Steel Assemblies
B-7.03	Frames loadbearing bulkheads	LTR-200	Loadbearing Steel Assemblies
B-7.04	Frames loadbearing floors	LTR-200	Loadbearing Steel Assemblies
B-7.05	Frames loadbearing roofs	LTR-200	Loadbearing Steel Assemblies
Task C-8 – Installs wall systems and components			
C-8.01	Installs demountable walls	LTR-210	Wall Systems and Components II
C-8.02	Installs drywall	LTR-125	Wall Systems and Components I
C-8.03	Finishes drywall	LTR-210	Wall Systems and Components II
C-8.04	Installs drywall trims and moldings	LTD-210	Wall Systems and Components II
C-8.05	Installs security mesh	LTD-210	Wall Systems and Components II
C-8.06	Installs access panels	LTR-125	Wall Systems and Components I
Task C-9 – Installs ceiling systems			
C-9.01	Installs suspended ceilings	LTR-215	Ceiling Systems
C-9.02	Installs non-suspended ceilings	LTR-215	Ceiling Systems
Task C-10 – Installs access flooring systems			
B-10.01	Installs pedestals and supporting hardware	LTR-305	Access Flooring Systems
B-10.02	Installs floor panels	LTR-305	Access Flooring Systems

Sub-task		Learning Modules	
Task C-11 – Installs sound barriers and lead radiation shielding			
C-11.01	Installs sound barriers	LTD-220	Sound Barriers
C-11.02	Installs lead radiation shielding	LTD-310	Lead Radiation Shielding
Task C-12 – Installs smoke and fire barriers			
C-12.01	Installs shaft wall systems	LTD-225	Smoke and Fire Barriers
C-12.02	Seals penetrations	LTD-225	Smoke and Fire Barriers
C-12.03	Encloses beams, columns and staircases to achieve desired fire rating	LTD-225	Smoke and Fire Barriers
Task D-13 – Installs insulation and membranes			
D-13.01	Installs thermal insulation	LTD-130	Insulation
D-13.02	Installs interior/exterior membranes	LTD-315	Exterior Systems
Task D-14 – Prepares surface for exterior finishes			
D-14.01	Installs exterior sheathing	LTD-315	Exterior Systems
D-14.02	Installs lath	LTD-315	Exterior Systems
D-14.03	Installs Exterior Insulation Finish System (EIFS) (NOT COMMON CORE)	LTD-315	Exterior Systems
Task D-15 – Installs exterior finishes			
D-15.01	Fabricates panels	LTD-315	Exterior Systems
D-15.02	Installs pre-manufactured panels	LTD-315	Exterior Systems
