Farm Technician.....	25	Tilesetter	46
Floorcovering Installer	26	Transport Trailer Technician.....	46
Gasfitter	26	Truck and Transport Mechanic	47
Glazier.....	27	Welder	49
Heavy Duty Equipment Technician.....	27		
Industrial Mechanic (Millwright)	29		

Training Delivery Options

Standard Technical Training

In-Person Training will be delivered on campus with instructor-led sessions full-time Monday through Friday for the duration of the training. This is typically 30 hours per week of class time. Training is in-person unless otherwise stated.

Blended (In Person/Remote) Training will be delivered both in-person (on campus) and remote (online) with instructor led sessions full-time Monday through Friday for the duration of the training. Training is blended and therefore, course material will be delivered through the training provider's Brightspace Learning Management System and will incorporate other digital learning tools (e.g. Microsoft Teams), and some in-person learning on campus. Dates for in-person (on campus) technical training will be provided by the instructor.

Dual-Delivery will be instructor led full-time delivery Monday through Friday for the duration of the training. Apprentices can choose to be in-person (on campus) or join remotely. This is typically 30 hours per week of class time. If an apprentice chooses to join remotely the training materials are delivered through the training provider's Brightspace Learning Management System and will incorporate remote (online) meeting tools (e.g. Microsoft Teams).

Online Technical Training

Remote (Instructor Led) will be delivered full-time remotely via instructor-led sessions Monday through Friday. Training materials are delivered through the training provider's Brightspace Learning Management System and will incorporate remote (online) meeting tools (e.g. Microsoft Teams). There is no in-person (on campus) component.

Online Cohort (Self-Paced) is primarily self-paced training. However, weekly sessions with an instructor will be scheduled to support your success. The schedule of those sessions will be provided by your instructor. Training is delivered on the training provider's Brightspace Learning Management System and will incorporate other digital learning tools (e.g. Microsoft Teams). Start and completion dates are indicated in the schedule below. (Typically, 40 weeks) This would make the apprentice ineligible for EI as it would be considered as a part-time training delivery option.

Online Cohort (Self-Paced) Accelerated is primarily self-paced training. However, weekly sessions with an instructor will be scheduled to support your success. The schedule of those sessions will be provided by your instructor. Training is delivered in the training provider's Brightspace Learning Management System and will incorporate other digital learning tools (e.g. Microsoft Teams), Just over a shorter period. Start and completion dates are indicated in the schedule below. (Typically, 24 weeks) This would make the apprentice ineligible for EI as it would be considered as a part-time training delivery option.

Online Self-directed Training will be delivered through the Nova Scotia Apprenticeship Learning Management System. It is accessible, self-paced technical training where apprentices use this platform to complete components of their apprenticeship programs in a flexible and user-friendly

environment. While a system support person will be available to address technical issues, there is not an instructor attached to the learning and trade-based questions an apprentice may have should be directed to their Journeyperson/Mentor.

Distributed Technical Training

Distributed technical training is delivered in-person at one location (hub) and virtually to students at one or multiple locations (spokes).

Hub: The central training location. The hub will have a primary instructor who will be assessing, evaluating, and teaching all theoretical components to both hub and spoke students. The hub instructor will be planning, demonstrating, and evaluating all practical learning objectives for the hub location.

Spoke: An auxiliary training location branching from the hub location. The spoke may have an auxiliary instructor who will be planning, demonstrating, and evaluating all practical learning objectives for the spoke location. Theoretical learning will be provided by the hub instructor via technology connecting all students from spokes to the hub.

Hybrid Technical Training

Apprentices will spend two, 8-hour days in accelerated technical training then remain 3 days on their jobsite per week. This would make the apprentice ineligible for EI as it would be considered as a part-time training delivery option. Employers would continue to pay the apprentice while in technical training and may be able to apply for grants to cover the wages lost.

Part - Time Training

An altered delivery option that offers fewer weekly hours than full-time studies, therefore extending the length of the level. Part-time study may occur during daytime, evenings, or weekends.

Gap-Week

A transitional week to cover material apprentices may have otherwise missed when moving to an updated version of curriculum.

What is the attendance policy?

- Promptness and regular attendance are expected from all apprentices attending technical training to ensure success. Following an extended absence, the Nova Scotia Apprenticeship Agency and the training provider reserves the right to communicate absenteeism by the apprentice to employers, Service Canada, or third-party partners.
- Late arrivals or early departures of more than thirty minutes will be considered a ½-day absence.

- Apprentices must attend 90% of the total technical training days per level. If an apprentice misses more than 10%, the instructor will contact the apprentice's Industry Training Consultant who will discuss the next steps with the apprentice. This could result in being dismissed from the training.

How do I apply for technical training?

PLEASE NOTE: Enrollment in Technical Training is available for up to 30 days prior to the start of training. There will be no admissions after that date.

- Make sure you are a registered apprentice. For more information on how to register as an apprentice, [click here](#).
- Complete and submit the [Technical Training Enrolment Form](#):
 - a. Prior to applying for training, you must have your employer's approval to attend the training and make sure your hours are updated with your industry training consultant.
 - b. Submission of the form does not guarantee you a seat in training. If your application is approved, you will receive emailed confirmation that you are scheduled to attend the training, provided your information in our system is up to date.

Can I take two levels of training in one training year?

The Nova Scotia Apprenticeship Agency periodically updates our training based on input from industry and our Atlantic harmonization efforts. We recommend that before you enroll in two levels of training in one year, you contact your Industry Training Consultant to ensure that you do not repeat any material or experience training gaps.

If you don't know which training you should register for, please [contact the Agency](#).

Atlantic Trades Business Seal (ATBS)

The Atlantic Trades Business Seal Program is a part-time continuing education program for journeypersons to advance their business and leadership skills. The program can support you to develop the skills you need to open your own business or prepare for a leadership role. The delivery mechanism for this program is online. **Please Note: You must have a Red Seal to attend this program.**

Automotive Service Technician (Refresher): Dual Delivery

Note: A Refresher will allow apprentices who have had challenges passing the red seal exam, the opportunity to review the content of the Occupational Standard in preparation to re-take the certification exam. This is a 90-hour part-time course usually offered in the evenings/weekends) for eligible candidates to prepare to re-write the certification exam.

Oct 14, 2025 – Dec 19, 2025, (2 evenings (Tue & Thu) 6pm-9pm & Sat (9am-12pm) Dual Delivery Akerley campus

Level 4 (Harmonized): Online

- Sep 8, 2025 – Jun 19, 2026, [Online Cohort \(Self-Paced\)](#)

Black Beauty Culture Hair Innovator (Natural Hair Care)

Black Beauty Culture Hair Innovator Refresher: 90 Hours Part-time

- Black Beauty Culture Hair Innovator Refresher: 90 Hours Part-time over 6 months. October 2025 to March 2026
- The Nova Scotia Apprenticeship Agency is working in partnership with the Black Beauty Culture Association (BBCA) and Crown of Beauty Institute to develop and offer a complimentary program to prepare eligible candidates to write the certification exam for the Black Beauty Culture Hair Innovator (BBCHI) trade. This program will run over the

span of 6 months and will allow individuals who have significant experience in the trade (trade qualifiers) to review the content of the Occupational Standard in preparation to write the certification exam.

- Oct 18, 2025 – Mar 15, 2026 (Venue TBD)

Blaster

Blaster Certification Renewal Course: Required for Blasters who want to renew their certification. Blasters must renew their certification every five years, and this course must be successfully completed before the certification can be renewed.

- For the steps to apply, please read page 7 in the [Blasting Info pdf](#).

Blasting Safety Course

- To apply, please complete and submit the [Blasting Safety Application](#) online, Dates for this online self-paced training are to be determined.
- The Blasting Safety Training course and exam is available for individuals who work, or would like to work, on a blast site, but who are not certified blasters or have not previously successfully completed an approved training course. Upon successful completion, individuals will be issued a card and will be able to conduct restricted blasting activities under the close visual supervision of a certified blaster.

Boilermaker

Level Exams: Where indicated below, apprentices must pass the level exam at the end of training to progress to the next level.

Level 1 (Harmonized): Institutional Cook / Cook level 1, Part Time 14 Weeks Blended (includes 4 weeks online) (Level exam required)

This is a blended training session, which means it includes both online and in-class components. Here are the details and the steps for registration:

- 1.** You will have 4 weeks to do the online component, which must be successfully completed prior to starting the in-class component of training.
- 2.** The training:
 - Online pre-requisite component: Sep 15, 2025 – Oct 10, 2025.
In-class training: Oct 14, 2025 – Dec 19, 2025, Akerley Campus (Part-time in-class (Wed/Thu) - 1:30 - 7:30 pm). **You must complete the online component before you start this training.**
- 3.** Register for the complete blended online and in-class training by submitting a Technical Training Enrolment Form.

Level 2 (Harmonized): Part time 21 weeks Blended (includes 1 week online (Level exam required))

Here are the details and the steps for registration:

1. You will have 1 week to do the online component, which must be successfully completed prior to starting the in-class component of training.
2. The training:
 - Online pre-requisite component: Jan 5, 2026 – Jan 09, 2026.
In-class training: Jan 12, 2026 – May 29, 2026, Akerley Campus (Part-time in-class (Tue 1:30pm – 7:30pm). **You must complete the online component before you start this training.**
3. Register for the complete blended online and in-class training by submitting a Technical Training Enrolment Form.

Level 2 (Harmonized): 5 Weeks

- Jan 05, 2026 – Feb 06, 2026, Sydney Waterfront Campus In-Person Training

Level 3 (Harmonized): Part time 21 weeks Blended (includes 1 week online (Level exam required))

Here are the details and the steps for registration:

4. You will have 1 week to do the online component, which must be successfully completed prior to starting the in-class component of training.
5. The training:
 - Online pre-requisite component: Jan 5, 2026 – Jan 09, 2026.
In-class training: Jan 12, 2026 – May 29, 2026, Akerley Campus (Part-time in-class (Mon 1:30pm – 7:30pm). **You must complete the online component before you start this training.**

Register for the complete blended online and in-class training by submitting a Technical Training Enrolment Form

Level 3 (Harmonized): Part time 14 Weeks Blended (includes 4 weeks online) (Level exam required)

This is a blended training session, which means it includes both online and in-class components. Here are the details and the steps for registration:

4. You will have 4 weeks to do the online component, which must be successfully completed prior to starting the in-class component of training.
5. The training:
 - Online pre-requisite component: Sep 15, 2025 – Oct 10, 2025.
In-class training: Oct 14, 2025 – Dec 19, 2025, Akerley Campus (Part-time in-class (Mon/Tue) - 1:30 - 7:30 pm). **You must complete the online component before you start this training.**
6. Register for the complete blended online and in-class training by submitting a Technical Training Enrolment Form.

Level 3 (Harmonized): 5 Weeks

- Feb 17, 2026 – Mar 20, 2026, Sydney Waterfront Campus **In-Person Training**

Drywall Finisher and Plasterer

Self-directed Training will be delivered through the Nova Scotia Apprenticeship Learning Management System. It is accessible, self-paced technical training where apprentices use this platform to complete components of their apprenticeship programs in a flexible and user-friendly environment. While a system support person will be available to address technical issues, there is not an instructor attached to the learning and trade-based questions an apprentice may have should be directed to their Journeyperson/Mentor.

Level 1: Online

- Sep 02, 2025 – Jun 30, 2026, **Self-directed Training**

Institutional Cook

Level Exams: Where indicated below, apprentices must pass the level exam at the end of training to progress to the next level.

 [2024 Curriculum Standard \(Level 1\)](#)

Level 1 (Harmonized): Institutional Cook / Cook level, Part time 14 Weeks Blended (including 4 weeks online) (Level exam required)

This is a blended training session, which means it includes both online and in-class components. Here are the details and the steps for registration:

- 7.** You will have 4 weeks to do the online component, which must be successfully completed prior to starting the in-class component of training.
- 8.** The training:
 - Online pre-requisite component: Sep 15, 2025 – Oct 10, 2025.
In-class training: Oct 14, 2025 – Dec 19, 2025, Akerley Campus (Part-time in-class (Wed, Thu) - 1:30 - 7:30 pm). **You must complete the online component before you start this training.**
- 9.** Register for the complete blended online and in-class training by submitting a Technical Training Enrolment Form.

Farm Technician

- Extended Learning with the Faculty of Agriculture at Dalhousie University is the proud training provider for the Nova Scotia Apprenticeship Agency. The Farm Technician Refresher Training program (online study Guide) is just the start to help prepare candidates to challenge the certification exam for the Farm Technician trade.
- This online study guide provides training resources to prepare candidates to challenge the NS Farm Technician trade qualifier exam to become certified in the trade. This program is a five-week online, self-directed, self-paced refresher program. Learners will have the ability to select which areas they require more focus and attention. The resources were developed based on the competencies identified in the Occupational Standard. It is recommended that participants also review the Standard in preparation for the exam. Throughout this program there will be reading material, videos, activities, and assessments that meet the competencies as outlined in the Occupational Standard for Farm Technician. This course is equivalent to 90 hours.

Refrigeration Plant Operator (RPO)

Blended (In Person/Online) Training will be delivered both on campus and virtual with instructor-led sessions full-time Monday through Friday for the duration of the training. Training is blended

and therefore, course material will be delivered through Brightspace Learning Management System and will incorporate other digital learning tools (e.g. Microsoft Teams), and some in-person learning on campus. Dates for on campus technical training will be provided by the instructor.

Review: 1 Week

- Orientation and 1 day of in-person instruction: Jan 6 & 7, 2026
RPO 1 - Thermodynamics & Mechanical (**Training must be completed by Feb 06, 2026, to move onto RPO 2**)
- One Day of in-person instruction: Feb 09, 2026
RPO 2 - Piping & Safety (**Training must be completed by March 06, 2026, to move onto RPO 3**)
- One day of in-person instruction: Mar 09, 2026
RPO 3 - Codes and Compression Systems (**Training must be completed by Apr 10, 2026, to move onto RPO 4**)
- One day of in-person instruction: Apr 13, 2026
RPO 4 - Air Conditioning Systems (**Training must be completed by May 15, 2026**)

Eligible RPO2 apprentice's names will be sent to Technical Safety by **May 22, 2026**. ALL RPO2 COURSES (RPO 1 THROUGH RPO 4) MUST BE COMPLETED BY **May 22, 2026**, to participate in the review week and write the Certification Exam on **Jun 12, 2026**.

- Review Week: June 8 – 12, 2026 – Review week with in-person instructor
Labour, Skills and Immigration EXAM Jun 12, 2026 – Certification exam

Tilesetter

Self-directed Training will be delivered through the Nova Scotia Apprenticeship Learning Management System. It is accessible, self-paced technical training where apprentices use this platform to complete components of their apprenticeship programs in a flexible and user-friendly environment. While a system support person will be available to address technical issues, there is not an instructor attached to the learning and trade-based questions an apprentice may have should be directed to their Journeyperson/Mentor.

Level 1: Online

- Sep 02, 2025 – Jun 30, 2026, Self-directed Training

Transport Trailer Technician

Level Exams: Where indicated below, apprentices must pass the level exam at the end of training to progress to the next level.

 2022 Curriculum Standard Harmonized (Levels 1, 2)

 **Level 1 Transport Trailer Technician (Harmonized)/Agricultural Equipment Technician / Heavy Duty Equipment Technician / Truck and Transport Mechanic: 17 Weeks (Level exam required)**

 **Hybrid Training is 2 days per week and apprentices work the remaining 3 days. See description at the front of schedule.**

- Nov 24, 2025 – April 02, 2026, Akerley Campus, Hybrid, (Mon, Tue, 7:30 am-4:00 pm)
- Nov 24, 2025 – April 02, 2026, Akerley Campus Hybrid, (Wed, Thu, 7:30 am – 4:00 pm)

Level 1 Transport Trailer Technician (Harmonized)/Agricultural Equipment Technician / Heavy Duty Equipment Technician / Truck and Transport Mechanic: Distributed 9 Weeks (Level exam required)

- Mar 16, 2026 – May 15, 2026, Pictou Campus Spoke In-Person Training
- Mar 16, 2026 – May 15, 2026, Kingstec Campus Hub In-Person Training

Level 2 Transport Trailer Technician (5 weeks)

- Jan 12, 2026 – Feb 13, 2026, Akerley Campus Dual – Delivery

Apprentices can choose to be in-person (on campus) or join remotely. This is typically 30 hours per week of class time. If an apprentice chooses to join remotely the training materials are delivered through the training provider's Brightspace Learning Management System and will incorporate remote (online) meeting tools (e.g. Microsoft Teams).

Truck and Transport Mechanic

Level Exams: Where indicated below, apprentices must pass the level exam at the end of training to progress to the next level.

 2020 Curriculum Standard Harmonized (Levels 1, 2, 3, 4)

Level 1 Truck and Transport Mechanic /Agricultural Equipment Technician / Heavy Duty Equipment Technician / Transport Trailer Technician (Harmonized): 17 Weeks
(Level exam required)

 **Hybrid Training is 2 days per week and apprentices work the remaining 3 days. See description at the front of schedule.**

- Nov 24, 2025 – April 02, 2026, Akerley Campus, Hybrid, (Mon, Tue, 7:30 am-4:00 pm)
- Nov 24, 2025 – April 02, 2026, Akerley Campus Hybrid, (Wed, Thu, 7:30 am – 4:00 pm)
